## Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

**14** Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► Consumer Products Fund executed a 1 for 3 reverse split of shares for shareholders of record after the close of markets on February 21, 2025. The effective date of the reverse split was at market open on February 24, 2025.

**15** Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► The total market value of the shares outstanding was not affected as a result of the reverse split, except with respect to the redemption of fractional shares. In general, a shareholders aggregated tax basis in his or hers shares held immediately prior to the distribution should be allocated in proportion to the relative fair market value of the shares under IRC §358.

**16** Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► 1 for 3 reverse split example:

Period	# of shares owned	Hypothetical Market Price	Total Share Value
Pre-split	30	\$5	\$150
Post-split (2/24/25)	10	\$15	\$150

**Part II** **Organizational Action** (continued)

**17** List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ► **Internal Revenue Code §358.**

**18** Can any resulting loss be recognized? ► **Fractional shares sold on February 24, 2025, or soon as practicable, may result in a shareholder recognizing gain or loss on such fractional shares.**
